VOLUME NO. TWO — CARMEL-BY-THE-SEA, CALIF., THURSDAY, JULY 26, 1934 — NUMBER 26

JOHN REED CLUB ON THE SPOT

Carmel's John Reed Club is "on the spot." Local sentiment spurred into activity with the formation of a state wide organization to rid the country of "Reds, Pinks and what have you" has crystallised into the organization of a local group for the express purpose of bringing to an end any communistic activities in Carmel. The American Legion is of course the real backbone of the movement and there is trouble in store for those who persist in communistic activities.

And that is as it should be. There is no need, and no place in the United States for communists. This is a country of great tolerance for "ists" and "isms" up to a certain point and at this point free speech and constitutional rights are so to speak "suspended." After all any person preaching treason has no constitutional rights—they are outlaws in their teachings and actions and should be handled with due process of law.

ANOTHER GOVERNMENTAL TRIUMPH

"Dillinger Killed" screamed from the front pages of a thousand newspapers this week and the information brought relief to thousands of harassed and menaced officers. "A villain he lived and a villain he died." Our Government still governs. Dillinger was able to outwit and outshoot any number of policemen and civil officers including the silly woman sheriff in Indiana who had such a thrill in having her picture taken with the bandit. But United States operatives, once they finally took up the task of ridding the country of its one-man menace, did the job in a fine workmanlike manner. The big bad boy was not so bad or so smart when governmental operatives got after him.

It is a source of pride to every red blooded, law abiding citizen to know that our government is still just as thorough and relentless as it has ever been.

NATURE TAKES A HAND IN CROP PRODUCTION

In North and South Dakota and Eastern Montana where for years past they have raised a great portion of the wheat for the country a hopeless despair grips the people. The entire land has every indication of becoming an arid waste. These states depended on sub irrigation to mature the millions of acres of wheat. Greed may have played some part in the disaster for engineers drained lakes and rivers so that their rich beds could be planted to more crops. Meadows and great fields of buffalo grass were plowed under and planted to wheat. Now the country is smooth and bare as a billiard table with nothing to prevent the wind blowing away the rich surface during droughts and for three successive years there has been no rain. Wind storms have swept away the soil; there is nothing for man or beast to eat or drink. The people are praying for rain—for help of any kind and they and others are beginning to wonder if there isn't a Divine retribution in the great tragedy.

The Goverment has adopted a policy of crop reduction. Millions of acres of foodstuffs have been plowed under. Millions of hogs and cattle have been slaughtered, to limit production and and millions of people are underfed and millions of cattle must be killed and destroyed for lack of water and feed.

But our big and rich government can buy foodstuffs from the Argentine and other countries of course.

Nature has a way of evening things up. God gives and God takes away. Brain trusters and busters are generaly atheists and refusing what nature provides is striking at the fundamentals of life with consequences that may become too awful for consideration.

HERBERT HERON ON OUR HONOR ROLL

We wrote a little complaint last week that most people forget to mention the newspapers for publicity they give various public activities when every one else is mentioned, and pointed out that Ed. Kuster was one of the few who has always been careful to credit the papers for valuable publicity. And in response to the reminder Herbert Heron came boiling into our office with a sheaf of his old programs and everyone of them credited ALL the newspapers with helping his productions along with generous publicity. In the face of this documentary evidence we add Mr. Heron's name to our honor roll and give him very sincere thanks. May his tribe multiply and gather much wampum.

THE "DUMB WIFE" HERE SOON!

A French comedy and a Country Fair! Such are in the pans of the Governors of the Forest Theater. In one, Carmel will have an artistic treat, and in the other a day and night of old-fashioned merriment.

On August 16, 17 and 18 is the comedy by Anatole France, entitled "The Man Who Married a Dumb Wife." It was first produced by Granville Barker at Wallack's Theater, and won the praise of the New York press. Few organizations are in a better position to produce such a comedy than the Forest Theater group with its long experience and wealth of dramatic talent afforded by a community like ours.

On September 1 comes the County Fair which includes a day and a night of merriment for Forest Theater. "Many quaint surprises done in the old fashioned way," is the promise of the Forest Theater directors. This event will be the lighter touch of entertainment for the crowd of Serra Pageant visitors in Carmel that week. —W. W. W.

SINCLAIR CLUB WILL MEET MONDAY, 30th

The next meeting of the Carmel "Sinclair" Club will be at 8 p. m. Monday, July 30, in the first grade room at Sunset School. All who are interested will be welcome.

SEVERAL NEW HOMES AT ROBLES DEL RIO

Frank Porter reports considerable activity in his beautiful Robles Del Rio district twelve miles up Carmel Valley. Mr. Porter is now building a model home that will be open for inspection, and offered for sale in two or three weeks. The new residence is a five room house with every modern convenience including steam heat and an automatic hot water system. He also reports several purchasers of building sites that construction work will begin on in the near future.

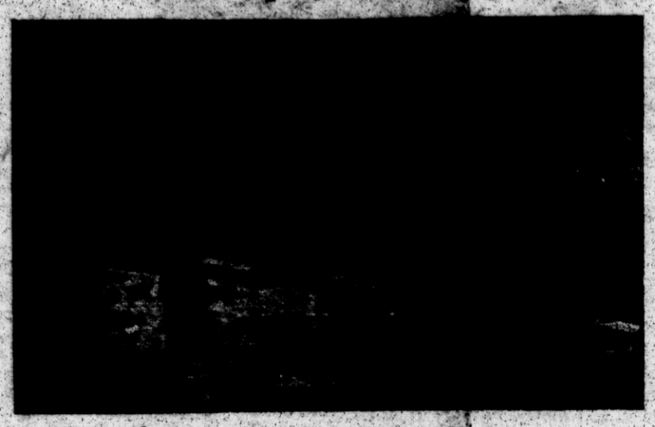
C. L. Wilder, the popular manager of the A.D.H. Co., of Carmel is finishing an attractive home near the Immelman cottage and expects to live there at least a part of the time.

Margaret Chamberlain is also just finishing a comfortable little cottage

EXHIBIT OF WATER COLORS AND OILS CONTINUES

The showing of water colors and oils by Free Dean and Emma Kraft will continue for another week in the Denny-Watrous Gallery. On Saturday afternoon Miss Deanand Miss Kraft will be in the Gallery from two until five and will be very glad to meet their friends there.

C. C. C. Provides Training and Employment for Local Boys



A Portion of C. C. C. Camp at Big Sur

By J. A. B.

One of the most useful and far reaching activities of the New Deal is the C. C. C. Camp at Big Sur where about 200 boys and young men are being given an intensive physical and mental training while at the same time they are doing work along conservation lines that is going to be of far reaching consequences.

We missed seeing the Officer in Charge, Captain R. W. Smith, but had the pleasure of going over the big institution and its work with Lieut. Grffin who acts as Captain Smith's assistant in directing the activities with the assistance of a score or more of experienced foremen and teachers.

This camp, known as Big Sur Co. No. 990, is one of the permanent winter camps and has facilities for about 200 men. The boys enroll for a period of six months, with the privilege of additional enrollments until they have served a total of fifteen months. On entering the camp they are given two sets of work clothes and one [illegible] first things the boys are taught is that they must be clean—they must bathe regularly, keep their clothes neat and clean and their quarters must be spotless and the bedding aired twice each week. Wtih this prime necessity impressed on them they are assigned to various squads engaged in forest conservation work such as making trails and fire breaks and improving roads. The men are paid from $30. to $45. per month, the larger salaries going to men who have had experience in the various trades such as cooks, electricians, carpenters, foremen, etc. In addition of course they receive their clothing and excellent meals. At this camp something like $2300. per month is spent for food stuff, the ration allowance being the same as in the army which now is about 37c per day per man.

Recreation and sports are provided of every kind and a variety of subjects under competent teachers are taught in organized classes such as English, history, algebra, spelling, surveying, radio, etc.

The camp has boys and men from all stations in life; some with no education whatever and from that to men with college training. The camp gives them training and education that enables many of them to leave and become self-supporting who otherwise would be unable to take care of themselves while many that have been given new courage that enables them to start anew. They leave the camp in the best of health, increased in weight and with a clearer, cleaner outlook on life that makes the venture entirely worth while and all it costs. And in addition, forests are being made safer from the ravages of fire, roads are being improved and the taxpayer is getting value received in more ways than one.

FIRE RAZES HOME OF ADA TORRAS NARVAEZ

About two o'clock Sunday morning, fire caused from a defective electric devise on the water tank, completely destroyed the house belonging to Mrs. Ada Torras Narvaes and occupied by Mrs. Foley, who was with friends at Del Monte.

The house and furniture were insured but Mrs. Foley carried no insurance on her clothes, which were all destroyed.

The blaze was not discovered until it was coming out the roof and the place was a mass of flame. John Scott, who was passing by, notified Gus Englund, who turned in the fire alarm but the place was practically burned when the department arrived on the scene.

ALEX McGARRAUGH PASSES AWAY FRIDAY, JULY 20

Friends are sympathizing with Mrs. Alex McGarraugh in the death of her husband who passed away at his home on Dolores avenue, Friday morning.

While Mr. McGarraugh had been in ill health for some time, his death was unexpected and came as a shock to his relatives.

The deceased was born in Des Moines, Iowa, 64 years ago, but for the past eleven years had made his home in Carmel where he won the respect of all with whom he came in contact.

Mrs. McGarraugh has for some time assisted her sister, Mrs. J. M. McGrury, in Stella's and has a host of friends here. Other survivors are three sisters, Mrs. Marion Morrow of Beverley Hills, Mrs. Bessie Carroll of Hollywood and Mrs. Helen Ming of Hollywood, and one brother, Herbert McGarraugh of Los Angeles.

HOSPITAL MONEY MAY BE RELEASED SOON

According to officials of the Monterey Peninsula Hospital, releases for contributions amounting to $8,000 of the fund have been obtained and the rest will probably be released soon. The amount now available is sufficient to make some of the necessary alterations, there being about $4500 in cash and that much in materials.

The purchase of equipment, however, will be delayed until the $14,000 now held by the treasurer, is turned over for use.

Reasons for refusal to turn over the funds by Judson, F. P. Howard, H. F. Dickinson and Joseph Schoeninger, representatives of the initial pledge committee for raising funds for the proposed hospital are given in the following statement:

"Three hundred or more people of the Monterey Peninsula contributed in cash and pledges upwards of $14,000 toward the movement for a community hospital

"These people through their chosen representatives, entered into an agreement with Mr. W. W. Powell, who represented the clinic

(Continued on page 8)

LIFE CLASS STARTS

Clay Otto began his Life Class under the State Adult Education project, Tuesday, July 16, at the Sunset School. The work is being carried on under the auspices of the Monterey Union High School, and meets Tuesday and Friday nights from 7:30 to 9:30. The class is in a larger room than formerly, so that a larger number can avail themselves of this opportunity. There is no tuition.

Rehearsals Underway on Pageant Fiesta

By D. E. M.

"Well, the iron is out of the fire and on the anvil. The shaping of it has started with George Marion framing the dances and June Delight and Zara Koepp assisting.

"I go down to rehearsal every night, when the Serra committee isn't working, just to watch those boys and girls having the time of their lives. They are a joy to behold.

"And while I speak of the Committee, let me tell you that those men deserve heaps of praise for what has been done. They've been at it for months spreading propaganda thru the country. We've had stuff in New York, Boston, Chicago papers about our Pageant weeks ago. The California State Chamber of Commerce, Southern Pacific R. R., the Pacific Tel. & Tel., the P. G. & E. and many other big fellows have been seen and believe that 'The Apostle of California,' which is the title of the Pageant Marion wrote is going to be an affair of national interest. All of them are getting advertising out to spread the news thruout California and neighboring states. George, by the way, not only wrote it and will direct it, but will play Father Serra, and play it as I honestly believe no other actor could play it. A great actor is that son of California—George Marion."

All of the above came from the writer asking Frank Sheridan: "How is the Pageant coming along?" But when Frank gets into something that he's interested in, like baseball, politics, or the Serra Fiesta, there's no stopping him till he runs out of adjectives.

Hardly waiting for me to ask where the rehearsals were being held and could I attend one of them, he sent back at me—

"Yes, all three of them, when Marion says the word. Dancers in the music room of Sunset School; Spanish dances one night, Indian dances the next night. And how those boys and girls can dance. Wait till you see them in the Pageant. You'll yell your head off."

"There's a bit of rivalry there too. Pacific Grove climbing up a bit on the Monterey girls, and both ahead of Carmel's beauties by a toe or two. But George is two feet and both legs ahead of all of them. Lord! how that man can dance!"

"The music is under Arthur Gundersen; the chorus rehearses at Crespi Hall. They are a splendid group of singers, and the way they present the magnificent chorals, hymns, and Spanish songs that Arthur has selected would be a treat to even a barbarian."

"There has been a world of publicity sent all over the country about our Pageant-Fiesta for month back. Papers like the New York Times, New York Herald-Tribune, Boston Herald, Philadelphia Inquirer and Chicago Tribune have carried stories and some of them pictures of our affair."

"Yes sir! I have an idea we are going to have a BIG WEEK August 24th to 28th.

"As I see a bunch of Carmel's 'kid' baseball team in the offing waiting for me to give them transportation to the diamond in Hatton Fields, I'll bow out. So long."

With his car packed with youngsters, Frank rolled away in the direction of the Mission.

THREE ARE ARRESTED; DISOBEY TRAFFIC LAW

Miguel Lim was arrested the 19th and appeared the 23rd before Judge Wood where he was given a fine of $2.50 for ignoring a stop sign.

Colin Alderman was arrested the 22nd and on the 24th was fined $5 for ignoring a stop sign, he having been warned twice.

Wyatt E. McFarlane was tagged the 23rd and will appear before Judge Wood the 28th on a charge of driving without due caution.

William Hunter of Cupertino is staying at Lovat Lodge for two weeks.

JUNIORS OVERWHELM HAS-BEENS

A real baseball atmosphere hovered over a spot on the Hatton Fields Mesa for about three innings last Sunday afternoon but from then on it was a Roman holiday for the Juniors at the expense of the Has-Beens. The Score: Juniors 25; Has-Beens 10!! Junior team line-up: Dean Nichols, acting captain, 2b; John Sheridan, p; Raleigh Belvail, c; Harry Butts, Hoshito Miyamota, and Bill Payne, 1b; Gordon Bain, 2b; Harry Turner, ss; Galen Alderson, lf; Louis Holtzhauer, cf; Allan Lane, Ray Hamilton, rf. Has-Been lineup: Tuthill, captain, 1b; Walls, c; Murray, p; Ammerman, 2b; Meeks 3b; Hilbert, ss; Turner, lf; Machado, cf; Otto, rf. Alternates for Has-Beens: King, Alderson, Ammerman, Dalton, Tobiasen, Ricketts. Umpires: Frank Sheridan, Galen Alderson, Sr.

Mrs. Perry and daughter, Miss Elizabeth, of Lindsay, are in the R.A. Richards cottage.

GOVERNOR YOUNG WILL VISIT PENINSULA

Former Governor C. C. Young will pay a hurried visit to the Monterey peninsula August 13, in connection with his campaign for the republican nomintaion for governor, it was announced by his field represetative, Robert G. Alderman.

CARMEL REALTOR IS INJURED IN CRASH

An accident occurred at Carmelo and Seventh Tuesday evening when a car driven by Lester G. Perkins of Monterey crashed into one driven by Mrs. Rae Welch, realtor, Carmel.

Mrs. Welch was almost across the street going toward the beach, when the Perkins car ran into her rear wheel and threw her against the bank. She is badly bruised but was able to come to the office this morning. No one in the Perking car was injured.

Interesting Information at Old Carmel Mission

Are you familiar with the history of the Carmel Mission? If not, it would be a good idea to check up on it before the crowds get here next month.

It will however pay and profit on you to go into the museum which is added to almost daily while excavations are going on. You will be interested in the baptismal font, in its original room, one of the few parts of the main building which did not fall in during its period of neglect. You will be interested to examine the original doors carefully and see the initials carved in years agone by people who have a complex for doing such things. Your attention will be held by the original paintings many of which are now worth thousands of dollars. Even the old confessional of Father Serra remains, and the wooden cross, worn thin at the bottom by the hand of the padre. Much of the work there was done by the Indians, one particularly interesting thing being a copper kettle which was used for holy water, and was pounded out entirely by hand. In the museum you may see a very large copper kettle in which the [illegible] found the [illegible] arrival, subsisted mostly on a bread made of acorns.

Out of doors you may see the old grinding stones, which it is hoped may be entirely restored when funds are available.

In excavating the past week, Harry Downie, who is directing restoration, came across an old oven, which was undoubtedly used for baking the bread for the missionaries and Indians. It was floored with flat rocks and these rocks were heated by a fire built upon them, which was raked out when the rocks became heated and the bread placed on the floor for baking.

Many other things may be seen if you go there to find out.

Boy Scouts Make Permanent Camp Improvements at Big Sur

Boy Scouts Receiving Swimming Instruction at their Camp on Big Sur

The Boy Scout camp which has been in operation in the state park at Big Sur for the past month has been one of the most successful meets the boys have ever had in this district or what is known as the Monterey Council. During the first week 115 were in attendance, the second week 105 and the third the enrollment dropped to 75.

The camp was in charge of Scout Exexcutive Alfred Young and under his general direction with the assitance of a Red Cross life saving instructor, a doctor, a naturalist and a Scout Craft instructor the boys had the time of their lives. They had recreaion of every kind and some valuable instructoin. They all did their own cooking, and some slept in the open on the ground while other companies brought cots and tents.

The camp has made extensive improvements of a personal nature including a building with running water for showers, lavatories, etc., while another permanent building is a small hospital with quarters for the physician with the company. A small store is also operated during the camp and a permanent building has also been erected for this. Materials amounting to approximately $900. were used and a great deal accomplished with the amount since all of the labor has been donated by public spirited citizens.

"It cuts our family food bill because now we can use more farm meats and produce"
"It gives me about three times more storage space for my money—how's that for a real buy?"
"It saves money, time and work in preparing meals—and they're better meals, too"
"It helps me sell more farm products at better prices—it's why it earns its keep"

Built in

EARNING POWER

HERE'S GOOD NEWS if you thought you couldn't afford an electric refrigerator. Several leading manufacturers have built a brand new FARM refrigerator. It has all the important features of the University of California design, plus many new improvements. We promise that it surpasses anything you have ever seen before.

The Farm "25"—smallest of the new models, is pictured above. Here is an ideal size for the average farm. Ruggedly constructed for a lifetime of heavy-duty service. It is nevertheless extremely inexpensive. And it may be operated for as little as 5c a day.

The Farm "25," however, is only one of the new models. Others are available up to 125 cubic foot capacity. Or if you are handy with tools, you can even build one yourself—we will supply the plans. The important thing is to get an electric refrigerator on the job at once. California winters are no protection against food-spoilage and the losses in summer are tremendous.

THE FARM "25"

For additional information, see any reliable dealer or get in touch with one of our Rural Power Specialists.

Mrs. Philip Kelly of San Francisco, with her little son Tommy, has taken a Carmel cottage on Junipero for two weeks.

Miss Carol Card of Carmel is spending a month vacation visiting friends and relatives in Palo Alto and Burlingame.

COMMITTEE RECOMMENDS MRS. WHITE'S ELECTION

To the Voters of
Monterey County:

We are writing this article in regard to Mrs. Sarah E. White, who is running for the office of Superintendent of Schools.

Mrs. White is a most energetic and capable woman, and has done remarkable work with children during the fourteen years she has been teaching. Her most outstanding work, perhaps has been in the Sunset School in Carmel, and some of her most ardent supporters are the young men and women who were her pupils in that school

She has taken children whom other teachers have classified as hopeless, and made good, efficient, self respecting citizens of them. Her work as teacher is such that she is sure to be successful if elected to this position.

She is a woman of pleasing personality and sympathetic understanding; hence, will be an inspiration to those with whom she comes in contact in her work as a Superintendent if she is elected.

She has been a property owner in Monterey County for fifteen years and resides in Carmel. We hope the voters will consider her qualifications carefully for she is undoubtedly the logical candidate for the office.

WHITE CAMPAIGN
COMMITTEE.

WALLACE BEERY ENTERS CAMPAIGN FOR HATFIELD

Wallace Beery, who learned about politics as the hard-hitting, rebel-rousing hero of "Viva Villa," today announced his entrance into the California political arena as a campaign worker for George J. Hatfield, candidate for Lieutenant-Governor.

Beery and Hatfield are close personal friends of long standing.

The famous screen star will "stump the state" for Hatfield during the closing weeks of the campaign and will also act as chairman of Hatfield's campaign in Hollywood.

"I may be accused of 'stepping out of character,'" said Beery, "but I happen to be a fairly heavy taxpayer, with a somewhat personal interest in state government and state expenditures.

Roger Sturtevant of San Francisco, after spending his vacation at the Jaime D'Angula ranch at Big Sur, stopped in Carmel last week on his way home. Mr. Sturtevant, who is a photographer, occupied the Hagemeyer studio in Carmel two years.

CHRISTIAN SCIENCE CHURCH

"Lead me in thy truth, and teach me: for thou art the God of my salvation; on thee do I wait all the day." These words from Psalms comprise the Golden Text to be used Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Truth." Included among the Scriptural selections will be: "Give ear, O ye heavens, and I will speak;; and heed, O earth, the words of my mouth. Because I will publish the name of the Lord; ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he" (Deut. 32: 1, 3, 4).

The following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "In Science, Truth is divine, and the infinite God can have no unlikeness. Did God, Truth, create error? No!... God being everywhere and all-inclusive, how can He be absent or suggest the absence of omnipresence and omnipotence? How can there be more than all?" (p. 287).

JOBLESS MEN ARE PUT TO WORK HERE

One hundred forty-six jobless men have been put to work in the past week by three new SERA projects in Monterey County, according to Frederick Bechdolt, SERA director for the county.

Forty men are working on the Canyon Del Rey road in Seaside, 26 on the Presidio project, and seven on the Castroville-Santa Rita road grading project. The crews work three days, and then entirely new crews are given work for three days. By alternating crews, twice as many men are aided by SERA.

Monterey County has a fourth SERA project which is providing work for two crews of eleven men each; the Oak Grove sewer job. Additional work is expected to be available, Bechdolt said, when Monterey high school and other projects are almost certain to open up.

Ray Green of San Francisco, a modernist in the field of musical composition, was a guest of Ralph Linsley over the week-end.

NEWS ITEMS CONCERNING GEORGE D. POLLOCK

Announcing his candidacy for district attorney in a straight-forward manner, Attorney George D. Pollock stated his reasons for running in no uncertain terms. He says:

"There are three reasons why I want the job as district attorney:

1. I want the job.
2. I need the job.
3. I ran four years ago and lost and I want to show the people that I can come back and win. I want to show them that I can make a good district attorney."

Further stating his policies in an open-handed manner, Mr. Pollock emphasizes the need of harmony between the city attorney's office and that of the county prosecutor.

"We have a constant turmoil between the city government and the county government that should not exist," Pollock declares.

"Each city has its own laws and ordinances within its jurisdiction that the county officials are not interested in and fi the city officials cannot control their own laws and the county officials cannot control theirs, then the county prosecutor should come into the picture.

"I believe that the county prosecutor should have absolute harmony and cooperation with all city county, state, and federal officials, because if they all work together, crime would soon be stopped."

Born April 30, 1898, the day George Dewey was taking Manilla Harbor, Pollock was named after the great naval hero who was a personal friend of his grandfather.

Spending his boyhood days in Missouri, Illinois and Pennsylvania Pollock remembers milking two cows every morning when he was but six years old, and states that he has been working his own way ever since.

He received his grammar school education in one and two teacher schools. He graduated from high school and left a college career to join the United States Navy, doing patrol duty during the World War.

He spent nine years with the Bank of California, San Francisco, working up from messenger boy until he became assistant trust officer for the Monterey County Trust & Savings Bank in Salinas. During this time he took night courses for about nine years and completed all of the banker's subjects in the Bankers' University in San Francisco, known as the American Institute of Banking. Completing the full law course at the San Francisco Law School, he passed the bar examination in 1928 and was admitted to practice in all the courts of California and in the United States District Court.

Arriving in Monterey County in the year 1929, Pollock took up the duties of assistant trust officer at the Monterey County Trust & Savings Bank, installing their present trust department. After a year in that bank, he resigned that position to continue practice of law in Salinas.

Stating his attitude toward politics, Pollock declares he has always been behind the man whom he thought was the man for the job, regardless of party affiliations.

"I have always registered as a Republican and have voted for the man I thought was best, hence my vote for Roosevelt in 1932," he said.

During his career in Monterey county, he has been, and still is, with the following organizations: Member of Salinas American Legion Post No. 31; Member of Court Castroville of the Foresters of America; Clerk of Prunedale School Board; Member of Prunedale Grange; Member of Executive Committee of Monterey County Pomona Grange; Member of Salinas Kiwanis Club; Secretary of Salinas Lodge, Loyal Order of Moose; Member of Salinas Post of the Veterans of Foreign Wars; Attorney for Independent and Home-Owned Businesses of California; Member of Monterey County School Trustees' Association.

HOSPITAL MONEY MAY BE RELEASED SOON

(Continued from page 1)

board as president and the Title and Insurance Co. of Los Angeles as vice president.

"This agreement set forth:

"First: That the people of the community should raise sufficient money to carry out the plans. The people of the peninsula, through an organized association, did raise sufficient money in cash and pledges and the plans for the improvements at the hospital were approved by all parties.

"Second: That when sufficient cash and pledges were raised, the contributors of the money had the right of control of the Grace Deere Velie Clinic or the hospital government. In response to the agreement the donors of the escrowed funds elected their representatives who were to take control of the business management of the hospital and expend their money.

In complete disregard of this agreement, the present board of directors are in control.

"Third: That approximately $30,000 belonging to the hospital, being the balance remaining of the trust funds in the hands of Mr. Powell's Trust Co., would be available and would be turned over to the governing board of the hospital as reorganized with the control in the elected representatives of the donors of the $14,000.

"The $30,000 promised by Mr. Powell to be available has never been in evdence and no one of the elected representatives of the donors has been able to get any information regarding the same.

"This was a vital part of the agreement which gave to the entire scheme some slight chance of success. We have had it in writing from Mr. Powell that the $30,000 has dwindled to $20,000 and since that Mr. Powell has been quoted as saying that it was $18,000.

"This is the condition of the money in the Title Insurance and Trust Co. of Los Angeles, which is the property of the hospital and was to be available to the governing board of the hospital as reorganized with the control in the hands of the elected representatives of the donors of the money.

"Fourth: That the hospital property was clear of all incumbrances there being no debts or clouds on the title.

"The hospital property is clouded with law suits and unpaid claims.

"Fifth: That the money and pledges so raised by the people shall be placed in escrow, pending the fulfillment of the above conditions of the agreement.

"The escrow agreement is about to be set aside by consent of independent donors and proper release given. All of those who wish to have their money and pledges turned over to the board of directors of the hospital as now constituted will be able to do so. Those who do not wish to do so may have their money and pledges returned to them.

"Signed, Treasurer and Trustees of the Donors Escrow Agreement.
"C. C. Judson, Treasurer.
"H. F. Dickinson,
"Joseph Schoeninger, and
"F. P. Howard, Trustees."

PEASE GIRLS AND A.D.H. DEFEAT SAN JOSE SQUADS

Monterey Peninsula soft ball stars won two of the three inter-city games played at the Grove ball park Saturday night. The A. D. H. Co. club and the Pease Girls club scored victories over the Muirson Labels and National Shoe teams, both from San Jose, by identical scores in the first two games. Ingels Tires were no match for the strong Pittsburg All Stars in the feature contest.

The scores were:

A. D. H. Co. 4, Muirson Labels 3.
Pease Girls 4, National Shoe 3.
Pittsburg All Stars 9, Ingels 3.

A fourth inning rally in which they scored three runs on two hits gave the A. D. H. crew the lead in the struggle with the Muirson Labels. The San Jose club had scored a brace of runs in the first inning.

The visitors tied the score in the fifth when one run came across on two hits but the peninsula team won the game in the sixth when Godwin scored while Goodrich was being thrown out at first.—Monterey Herald.

Mrs. Grace Glenn of Carmel entertained as her guests Mrs. D. McPhee of Boston, Mass., a feature writer and music critic on the Boston Herald, and Mr. and Mrs. Robert Strathearn of Los Angeles and Mrs. F. E. Borton and daughter, Barbara, of Bakersfield.

UNUSUAL TYPE OF DRAMA COMING

"The Passion Play of Youth," a three-act play of Jesus at eighteen, will be presented by the Los Angeles Drama Association in All Saints Parish House, Carmel, on Monday evening, August 6th, at 8:00 p.m.

The play is known as The Passion Play of Youth because it presents in dramatic form the spirit of Jesus as manifested in youthful situations, and gives a vivid imaginary picture of his character as a young man. It is written and produced by Dr. Sheldon Shepard, author and producer of the Pomona College Bible Plays, The Long Beach Miracle Play, many plays of the Los Angeles Pulpit Theatre and other important productions.

This drama comes recommended as one of the outstanding dramatic presentations of the year on the Pacific Coast. Mr. James Warnack, the Foothill Philosopher of The Los Angeles Times, says that it presents "A Jesus more human than any I have seen painted in pigment or words—at the same time you have made him divine. The play is beautiful and the climax wonderful."

The local production will be presented by the original cast under the personal supervision of the author.

Charles Sayers has returned home to Carmel after spending two weeks in the bay region.

"COUNSELLOR AT LAW" PLEASED CROWDS AGAIN

Friday and Saturday evenings the Golden Bough players staged the two final performances of Edward Kuster's brilliant production, "Counsellor-at-Law." The play was highly proclaimed by enthusiastic audiences both evenings, and once again the Golden Bough players were able to show that they really deserve their fine reputation.

This exciting drama is a story of behind the scenes in a New York attorney's office and is by the same author as the popular drama, "Street Scene." It has never before been staged outside the large dramatic centers.

John Jago, NRA field adjuster from the office of Donald Ren, shaw, San Francisco, is in Monterey this week to receive complaints involving NRA code violations. Complaints may be left at the post office.

Millions
NOW WANT THE NEW
Firestone
CENTURY PROGRESS TIRE
THAT TEN MILLION PEOPLE HELPED TO BUILD.
Firestone
MASSIVE, FLAT TREAD
DEEP-CUT NON-SKID
GUM-DIPPED CORDS
BROAD HUSKY SHOULDERS
EQUAL OR SUPERIOR TO ANY FIRST QUALITY TIRE BUILT
REGARDLESS OF NAME, BRAND, BY WHOM MANUFACTURED OR AT WHAT PRICE OFFERED FOR SALE

THE immediate and enthusiastic acceptance of the new Firestone Century Progress Tire started a tremendous wave of buying that is keeping the Firestone factories running twenty-four hours a day to meet this huge demand.

We knew that car owners would replace their thin-worn, dangerous tires if they could get what they wanted in a tire at the price they wanted to pay. We found the answer through ten million visitors to the Firestone Factory at the World's Fair last year. We asked them—"What do you value most in a tire?"—and their answer was—"Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a moderate price."

Drive in to the Firestone Service Dealer or Service Store today! Equip your car with these new Firestone Century Progress Tires, with the massive flat tread, deep-cut non-skid, broad husky shoulders, and Gum-Dipped cords. Tire prices probably never again will be as low as they are today. At these unusually low prices for *first grade* tires, we make it easy for you to buy not only one tire, but a complete set.

And Remember—with every tire you are protected by the new Firestone Triple Guarantee
—for Unequaled Performance Records
—for Life Against All Defects
—for 12 Months Against All Road Hazards*
(*Six Months in Commercial Service)

THIRD CONCERT BRINGS PRAISE FROM LISTENERS

Two moods of Carmel audiences were shown this week in contrast —that of gaiety at "The Drunkard" and that of appreciation of good music, marvelously executed, at the third concert of the Carmel Music Society Summer series.

During the rendition of the program from Schumann, Hadyn and Brahms by the Penha Piano Quartet Tuesday night at Sunset school the audience sat breathless, lest they miss one note.

Starting with Schumann's Opus 47, the two hours' scheduled program ended with Brahms, Opus 26, but the audience pleaded for more and the quartet responded with the third movement of Fansman's Piano Quartet, which left the crowd in a gay mood, ready for the greetings among friends.

Praise for the wonderful performance for each entertainer was heard on every hand—Ralph Linsley as pianist, Theodore Norman, with his violin; Abraham Weiss, with his viola, and Michel Penha, with his violoncello.

A double joy was felt by the audience in this concert, for besides enjoying the excellent music, they had a feeling that the quartet is "Carmel's own."

Now the audience is looking forward to their next performance on August 21. In the meantime, however, another treat is in store in the program of the Monterey Peninsula Orchestra to be heard August 7, details of which appear elsewhere in this issue.

And if you want to realize still more and more from this summer series, you should attend the open rehearsals, the next by the Penha Piano Quartet being Juy 31 and orchestra rehearsals being held every Sunday evening at the Denny-Watrous gallery.

PENINSULA IS ACTIVE AGAINST COMMUNISM

Meeting at the Manzanita club last Sunday evening, 90 to 100 strong, Carmel people, augmented by a few residents from other parts of the peninsula, laid plans for ridding this section of Communism.

The meeting opened with a patriotic speech and the outlining of the plan to combat the teaching that seems to be gaining such a foothold in the United States.

If the Communists force the group to act, they plan to use the laws of the country, according to leaders.

A committee of five was appointed to arrange for an open meeting to be held in two weeks to which all Carmel will be invited, a special invitation to be issued to all who have been advocating Communism and it being particularly desired that the young people of the community who have become entangled in its meshes, attend and learn from authoritative sources that Communism and Labor Unions are as separate and distinct as labor and capital. It is planned to have some heads of labor unions present to explain the unions' attitude toward Communism.

In the place of Communism, Americanism will be taught.

According to the actual leaders of the movement, every effort will be made to handle the campaign in a legal and sane manner and no rowdyism will be tolerated within the ranks.

"Some very foolish statements have been made," said one of the members of the new organization, "but we will have no lawless methods used, for it will not be at all necessary, once the public is awakened."

FOREST THEATRE WILL NOT GIVE "MONTEZUMA"

The production of "Montezuma," the colorful play of the Spanish conquests, written by Herbert Heron, was called off on account of strike conditions, it being feared that difficulty would be met in getting the costumes, etc.

However, the middle of August will see the production of "The Man Who Married the Dumb Wife," a comedy that no one can resist. If you have tears, prepare to forget them.

The story deals with a rich man who fell in love with a beautiful young woman who was dumb (in the old fashioned sense of being unable to talk.) He thought he could be happy with her regardless of her infirmity, but as time went on, the condition irked him and he hired a famous surgeon to operate to bring back her speech, and with what results!

Herbert Heron, who has so often in the past demonstrated his ability, will direct the coming play, and if Herbert Heron does not know what the public wants in its plays, no one does.

You are going to hear a lot about this coming play, for the Forest Theater is being revived with an enthusiasm that spells success for the future.

CALISTA ROGERS RECITAL TONIGHT

Calista Rogers, soprano, gives the second of her song series in the Denny-Watrous Gallery this Friday evening, July 27, at eight-thirty o'clock, Ralph Linsley at the piano.

Songs of Schubert, Schumann, Wolf and Brahms will be featured —the greatest masters of the "lied" in the history of melody and song. The works of these great song writers follow naturally after the 'My mother bids me bind my hair" of Hadyn, and Mozart's "Voi che sapete" of Miss Rogers' program of two weeks ago.

Miss Rogers, as before, will speak briefly of the place of the composers in the development of the art of song from the middle ages to modern times. Her full program is as follows:

An die Leyer	Schubert
In Haine	Schubert
An die Musik	Schubert
Zuleika	Schubert
Widmung	Schumann
Mondnacht	Schumann
Der Nussbaum	Schumann
Fruhlingsnacht	Schumann
—Intermission	
Vehborgenheit	Wolf
Ein Standchen euch zu bringen	Wolf
Anakreon's Grab	Wolf
Kennst du das Land?	Wolf
Verzagen	Brahms
O kuhler Wald	Brahms
Vergebliches Standchen	Brahms
Die Mainacht	Brahms
Von ewiger Liebe	Brahms

"THE MOTHER OF GREGORY" BRINGS HOME LAURELS

On Friday and Saturday nights, August 3rd and 4th, Edward Kuster will present his Golden Bough Players in Maurice Brown's "The Mother of Gregory," in the identical production with which these players under Kuster's direction won first place at the Alcazar Theatre in San Francisco in the competitive tournament of the Northern California Drama Association.

For almost ten years Edward Kuster kept "The Mother of Gregory" on the shelf, notwithstanding permission from its author for its production, because of the impossibility of finding a local player to replace Miss van Volkenburg in the leading role of the aged mother. At length, last fall, twenty-one year old Georgia Wapple, of Hollister, recently graduated from one of New York's best dramatic schools, passed a most successful try-out in the exacting part. Realizing his "find," Kuster entered the play in the tournament, not only winning first honors for his group, but gaining for Miss Wapple in San Francisco an enviable reputation as an actress of great promise.

The others in the cast are Betty Meyers, of San Francisco, playing Annie of Lochroyan, and Evert Sholund, of Monterey, playing Lord Gregory of the Black Crag. Kuster himself, in the minor role of Michael, "an ancient servingman," is the only member of the original Golden Bough cast to hold over.

In the producer's own words, "The Playhouse had a bad 'break' last weekend, when the San Francisco strike condition sent the commercial 'Drunkard' production down here for five emergency performances, practically obliterating our laboriously built up 'Counsellor-at-Law.' With no conflicting engagements at present in sight, the Playhouse group hopes that Carmel will turn out to see Mr. Browne's fine play and the production of it which won first honors in exacting competition."

Dr. Hyman Tucker and wife of Agnew are visiting with Mrs. Rae Welch. Dr. Tucker is on the staff at the state hospital in Agnew.

PICTURES AT GALLERY ATTRACTING PUBLIC

By M. E. M.

Perhaps Carmel's glorious summer this year had its effect upon the artists, for what a riot of color there is at the summer exhibition at the Carmel Art Gallery on Dolores.

It is a lovely exhibition and one that is proving very attractive to both citizens and visitors.

I don't know whether there really are more flower pictures for this showing or whether the size and brilliancy of the ones hung overshadow the others, anwway, when I left I retained the image of bouquest and bouquets of lovely zinnias, roses, snapdragons and such.

Of course, one doesn't forget, either, the other lovely scenes, nor the strong ones, such as Ritchel's, showing the straining of the horses as they pull their burden, and the waters of the Pacific and the rocky shores.

There are so many interesting ones, you will have to go see them, if you have not already been there. Try to get there anyway, before the 15th of August, as on that date there will be an entire new showing.

The Gallery is one of the many things Carmel has to be proud of and your support and your presence at the exhibition will be appreciated.

CHINESE DANCER COMING TO PLAYHOUSE

On Sunday night, August 5th, the Playhouse will present for one performance only the latest sensation of the dance world, Caroline (King Lan) Chew, the beautiful young American-born Chinese dancer. She will give a fascinating program of exotic dances and impressions. Tickets will be on sale beginning Tuesday in the Court of the Golden Bough, in front of the Carmel motion picture theatre.

"THE DRUNKARD" BRINGS FUN TO CARMEL FOLK

By E. F. B.

We hissed the villain and cheered the protector of "pure womanhood" and we all entered into the spirit and a "good time was had by all." "The Drunkard" or "The Fallen Saved" has come and gone and everyone who saw it is the better for having had a lot of fun.

The olio, or miscellaneous collection, after the play was something again when the audience joined in the old time songs, many of which were dedicated to local people, and members of the cast gave specialty numbers.

Rice and Cady, old time vaudeville entertainers, pulled some sure-fire comedy stuff, which went over big

Neeley Edwards certainly won the audience as master of ceremonies and his "operatic" selections grew more popular each night.

Norman McNeil played the "Stomach Steinway" and was always there with the tune as soon as it was called

Taking the main parts were Marie DuVall, Peggy Converse, Vallejo Gantner, Klyde Kraft, John Carter, and Conie Clampett with Bill Nye, son of John L. Nye and wife of Carmel, as one of the convincing barflies.

Had "The Drunkard" stayed on for another week, the house would have been packed each night, many people going again and again. However, with the re-opening of the Palace Hotel after the strike in San Francisco, the company returned to their engagemen there, and Peggy's "Adieu, adieu, adieu," Sunday night finished their four-day stay here.

John Molteni was arrested for wife beating and taken before Judge Wood Tuesday. He was given a thirty-day suspended jail sentence.

GORDON BAIN CAPTAINS CARMEL BALL TEAM

Gordon Bain, fast-stepping third baseman of the Carmel Junior Hardball Team was elected permanent captain and will lead the boys in a game to be played against the Sons of the American Legion Team at 2:00 p.m. Sunday, July 29, on the Hatton Fields Mesa ball field.

The Sons of the American Legion have a very strong team headed by Eddie Burns who is the son of Eddie Burns, Sr., former big leaguer. This will be a fast, close contest and the boys hope you will be on hand to lend your support.

John Sheridan, business manager of the local team, has worked hard to get the playing field in good condition and to enable the team to be self-supporting.

Mr. O. W. Bardarson has organized and coaches the team.

ORCHESTRA CONCERT ON AUGUST 7

Each summer the climax of musical interest is reached when the "big orchestra concert" comes—and it is approaching now, as it is the next event in the Carmel Music Society Summer Series—the August 7 concert.

The Monterey Peninsula Orchestra, with Michel Penha as conductor, has reached a point of achievement that would be impossible without so eminent a conductor and the assistance of his colleagues of the Penha Quartet—Theodore Norman, concertmaster, Abraham Weiss, viola, and Ralph Linsley, piano. In addition to these distinguished professionals, six or seven musicians from San Francisco will augment the orchestra. There will be three more "firsts," a "second," a second flute, a viola, and a second clarinet.

The wind section of the orchestra is now very strong. There is tympani, Dr. Hollingsworth, French horn, L. Baxter, trombones, Chandler Stewart and Percy Lee, flute, Henry Dickinson, clarinet, Arnold Chapman, trumpet, Mrs. Jack O'Hanlon and Paul Taylor. The cello section is stronger than ever, with Jean Crouch, Billy Dickinson, and Doris Fee. Virginia Peterson, professional, is coming down from Burlingame to play the concert.

ROBLES DEL RIO INN HAS NEW MANAGER

Robles Del Rio Inn is now being operated under new management, Robt. Salzberger having taken charge a few days ago. Mr. Salzberger comes to the Inn from Berkeley where he has been in the restaurant and club business for several years. The new manager intends to make people welcome at the Inn at all times and new popular prices will prevail in the dining room, although he will still have those excellent Sunday dinners for $1.00 with a complete a la carte service as well.

Mr. and Mrs. Salzberger are fine, pleasant people to meet and having one of the beauty spots of the country to attract people they will undoubtedly enjoy a fine patronage from Carmel people.
